

Byron Network

DApps for Cardano Blockchain

Vision

Byron Network aims to bring the cutting edge solution for traders, hodlers and blockchain lovers. HD Mobile Wallet and a decentralized exchange on Cardano Blockchain is only the first step in the development of Byron ecosystem. Our goal is to deliver tools for any blockchain enthusiast. Great experience with profound UX, thoughtful components and ability to integrate advantageous API is our top priority.

Advantages

- ◆ Trusted partners of IOHK
- ◆ Experienced team of developers and advisors
- ◆ Awareness of traders expectations
- ◆ Decentralised Exchange model based on Order Book Pattern
